

## **Nursery Guidelines:**

Adults must baby-sit in pairs. Each adult must complete the Protecting God's Children training course before service date. For available PGC dates, contact the parish office at 416-3325.

Schedule is made alphabetically. If you need to change your assigned babysitting date, it is **your** responsibility to get a substitute or swap with another family.

Please arrive 15 minutes before your Mass in order to set up sign-in table, pagers, and toys. The family working at 8:30 must retrieve the pagers from the facilities office; and **the family working at 10:00 must turn off pagers** using the code given on the paging system instruction sheet, and return them to the facilities office. If needed, new batteries should be in the box.

Please inform any new family dropping children off in the nursery of the co-op structure. Let them know that they must register their family on an index card (names, address, phone number, children's names and ages), and will be assigned a babysitting date in the future.

## **Attention Parents:**

- Do not drop off your child with a teen helper until the scheduled parents have arrived.
- As a courtesy to other families, please abstain from using the nursery if your child is ill.
- Please remember to sign in your name and information in the binder outside the nursery, and trade your car keys for a pager so you will not forget to return it.
- The nursery is for children ages 1 through 5. Exception: the family working that Mass may bring children of any age.
- Please no toys or food from home.

**Thank you for your service to the parish and for helping to make the nursery a great success.**
